2. Representations and Warranties of the Grantee.

A. The Grantee expressly represents and warrants to the State that it is statutorily eligible to receive these Grant funds. The Grantee expressly agrees to promptly repay all funds paid to it under this Grant Agreement should it be determined that it was ineligible to receive the funds.

B. The Grantee certifies by entering into this Grant Agreement that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Grant Agreement by any federal or state department or agency. The term "principal" for purposes of this Grant Agreement is defined as an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Grantee.

3. Implementation of and Reporting on the Project.

A. The Grantee shall implement and complete the Project in accordance with **Attachment A**. Modification of the Project shall require prior written approval of the State.

The Grantee shall not spend more than the amount for each line item in the Project Budget without the prior written consent of the State, nor shall the Project costs funded by this Grant Agreement and those funded by any local and/or private share be changed or modified without the prior written consent of the State.

B. The disbursement of Grant funds to the Grantee shall not be made until all documentary materials required by this Grant Agreement have been received and approved by the State and this Grant Agreement has been fully approved by the State.

C. The funds provided through this Grant are to be used to supplement and not supplant any other appropriations, including local appropriations, made for the same purpose. These funds are being provided to the Grantee to carry out the specific work described herein and are not to be used except as authorized in this Grant Agreement. If the Grantee is a local unit of government, the Grantee shall provide a report back to the State documenting that the appropriate local governing body has appropriated this funding in addition to any existing appropriations.

6. Payment of Claims.

A. If advance payment of all or a portion of the Grant funds is permitted by statute or regulation, and the State agrees to provide such advance payment, advance payment shall be made only upon submission of a proper claim setting out the intended purposes of those funds. After such funds have been expended, Grantee shall provide State with a reconciliation of those expenditures. Otherwise, all payments shall be made thirty five (35) days in arrears in conformance with State fiscal policies and procedures. As required by IC § 4-13-2-14.8, all payments will be by the direct deposit by electronic funds transfer to the financial institution designated by the Grantee in writing unless a specific waiver has been obtained from the Indiana Auditor of State.

B. Requests for payment will be processed only upon presentation of a Claim Voucher in the form designated by the State. Such Claim Vouchers must be submitted with the budget expenditure report detailing disbursements of state, local and/or private funds by project budget line items.

C. The State may require evidence furnished by the Grantee that substantial progress has been made toward completion of the Project prior to making the first payment under this Grant. All payments are subject to the State's determination that the Grantee's performance to date conforms with the Project as approved, notwithstanding any other provision of this Grant Agreement.

D. Claims shall be submitted to the State within twenty (20) calendar days following the end of the month in which work on or for the Project was performed. The State has the discretion, and reserves the right, to NOT pay any claims submitted later than thirty (30) calendar days following the end of the month in which the services were provided. All final claims and reports must be submitted to the State within sixty (60) calendar days after the expiration or termination of this agreement. Payment for claims submitted after that time may, at the discretion of the State, be denied. Claims may be submitted on a monthly basis only, unless otherwise specified in **Attachment A** or **B**. If Grant funds have been advanced and are unexpended at the time that the final claim is submitted, all such unexpended Grant funds must be returned to the State.

E. Claims must be submitted with accompanying supportive documentation as designated by the State. Claims submitted without supportive documentation will be returned to the Grantee and not processed for payment. Failure to comply with the provisions of this Grant Agreement may result in the denial of a claim for payment.

7. Project Monitoring by the State. The State may conduct on-site or off-site monitoring reviews of the Project during the term of this Grant Agreement and for up to ninety (90) days after it expires or is otherwise terminated. The Grantee shall extend its full cooperation and give full access to the Project site and to relevant documentation to the State or its authorized designees for the purpose of determining, among other things:

- A. whether Project activities are consistent with those set forth in **Attachment A** and the terms and conditions of the Grant Agreement;
- B. the actual expenditure of state, local and/or private funds expended to date on the Project is in conformity with the amounts for each Budget line item as set forth in **Attachment B** and that unpaid costs have been properly accrued;
- C. that Grantee is making timely progress with the Project, and that its project management, financial management and control systems, procurement systems and methods, and overall performance are in conformance with the requirements set forth in this Grant Agreement and are fully and accurately reflected in Project reports submitted to the State.

8. Compliance with Audit and Reporting Requirements; Maintenance of Records.

A. The Grantee shall submit to an audit of funds paid through this Grant Agreement and shall make all books, accounting records and other documents available at all reasonable times during the term of this Grant Agreement and for a period of three (3) years after final payment for inspection by the State or its authorized designee. Copies shall be furnished to the State at no cost

B. If the Grantee is a "subrecipient" of federal grant funds under 2 C.F.R. 200.331, Grantee shall arrange for a financial and compliance audit that complies with 2 C.F.R. 200.500 *et seq.* if required by applicable provisions of 2 C.F.R. 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements).

C. Deleted, Grantee is a governmental unit.

9. Compliance with Laws.

A. The Grantee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Grant Agreement shall be reviewed by the State and the Grantee to determine whether the provisions of this Grant Agreement require formal modification.

B. The Grantee and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State as set forth in IC § 4-2-6, *et seq.*, IC § 4-2-7, *et seq.* and the regulations promulgated thereunder. **If the Grantee has knowledge, or would have acquired knowledge with reasonable inquiry, that a state officer, employee, or special state appointee, as those terms are defined in IC 4-2-6-1, has a financial interest in the Grant, the Grantee shall ensure compliance with the disclosure requirements in IC § 4-2-6-10.5 prior to the execution of this Grant Agreement.** If the Grantee is not familiar with these ethical requirements, the Grantee should refer any questions to the Indiana State Ethics Commission, or visit the Inspector General's website at <http://www.in.gov/ig/>. If the Grantee or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Grant immediately upon notice to the Grantee. In addition, the Grantee may be subject to penalties under IC §§ 4-2-6, 4-2-7, 35-44.1-1-4, and under any other applicable laws.

C. The Grantee certifies by entering into this Grant Agreement that neither it nor its principal(s) is presently in arrears in payment of taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Grantee agrees that any payments currently due to the State may be withheld from payments due to the Grantee. Additionally, payments may be withheld, delayed, or denied and/or this Grant suspended until the Grantee is current in its payments and has submitted proof of such payment to the State.

D. The Grantee warrants that it has no current, pending or outstanding criminal, civil, or enforcement actions initiated by the State, and agrees that it will immediately notify the State of any such actions. During the term of such actions, the Grantee agrees that the State may suspend funding for the Project. If a valid dispute exists as to the Grantee's liability or guilt in any action initiated by the State or its agencies, and the State decides to suspend funding to the Grantee, the Grantee may submit, in writing, a request for review to the Indiana Department of Administration (IDOA). A determination by IDOA shall be binding on the parties. Any disbursements that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest.

E. The Grantee warrants that the Grantee and any contractors performing work in connection with the Project shall obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so may be deemed a material breach of this Grant Agreement and grounds for immediate termination and denial of grant opportunities with the State.

F. The Grantee affirms that, if it is an entity described in IC Title 23, it is properly registered and owes no outstanding reports to the Indiana Secretary of State.

G. As required by IC § 5-22-3-7:

(1)The Grantee and any principals of the Grantee certify that:

B. The Grantee certifies that it has verified the suspension and debarment status for all subcontractors receiving funds under this Grant Agreement and shall be solely responsible for any recoupments or penalties that might arise from non-compliance. The Grantee shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed under this Grant Agreement.

11. Drug-Free Workplace Certification. As required by Executive Order No. 90-5, April 12, 1990, issued by the Governor of Indiana, the Grantee hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. Grantee will give written notice to the State within ten (10) days after receiving actual notice that the Grantee, or an employee of the Grantee in the State of Indiana, has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of grant payments, termination of the Grant and/or debarment of grant opportunities with the State of Indiana for up to three (3) years.

In addition to the provisions of the above paragraphs, if the total amount set forth in this Grant Agreement is in excess of \$25,000.00, the Grantee certifies and agrees that it will provide a drug-free workplace by:

- B. Establishing a drug-free awareness program to inform its employees of: (1) the dangers of drug abuse in the workplace; (2) the Grantee's policy of maintaining a drug-free workplace; (3) any available drug counseling, rehabilitation, and employee assistance programs; and (4) the penalties that may be imposed upon an employee for drug abuse violations occurring in the workplace; and

- D. Notifying in writing the State within ten (10) days after receiving notice from an employee under subdivision (C)(2) above, or otherwise receiving actual notice of such conviction; and
- E. Within thirty (30) days after receiving notice under subdivision (C)(2) above of a conviction, imposing the following sanctions or remedial measures on any employee who is convicted of drug abuse violations occurring in the workplace: (1) take appropriate personnel action against the employee, up to and including termination; or (2) require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement, or other appropriate agency; and

The Grantee shall maintain this certification throughout the duration of the term of a contract with a contractor.

The State may terminate for default if the Grantee fails to cure a breach of this provision no later than thirty (30) days after being notified by the State.

13. Funding Cancellation. Furthermore, Grantee certifies compliance with applicable federal laws, regulations, and executive orders prohibiting discrimination based on the Protected Characteristics in the provision of services.

INTRODUCTION

The Division of Emergency Preparedness (DEP) within the Indiana Department of Health (IDOH) is the entity responsible for administering the Cities Readiness Initiative (CRI) grant received from the Centers for Disease Control and Prevention (CDC). The IDOH DEP administers these funds through sub-recipient agreements which require various activities aimed at enhancing state and local preparedness to better respond to public health emergencies.

This Attachment provides the deliverables that must be completed by local health departments within the CRI program. Compensation under this contract will be provided based upon the receipt of the deliverables listed in this document.

Cities Readiness Initiative Planning Jurisdictions

There are four CRI planning jurisdictions in Indiana: Chicago, Indianapolis, Cincinnati, and Louisville. Each area consists of several local health departments.

Performance and Budget Period

The Performance Period is from 2019 – 2024. This five-year period is broken down into five Budget Periods (BP), BP 1 – BP 5. This document covers deliverables required in BP4; July 1, 2022 – June 30, 2023.

CRI LHD CDC PORTS USER ACCESS

Local planning jurisdictions must complete a “DSLRR PHEP ORR Reporting and Tracking System Application” for each user accessing the CDC ORR reporting system.

PARTNER PLANNING SHEET

The PPS synthesizes information about how each reported partner supports public health preparedness and response. Strong, fully engaged community (jurisdictional) partners are critical for public health preparedness. Public and private partners are often perceived as trusted sources and support preparedness by working with the health department to provide input and mitigate identified health risks for the communities they serve. Partners also help identify community roles and responsibilities and coordinate the delivery of essential health services to strengthen community resilience as early as possible before, during, and after a public health emergency. Jurisdictions can leverage partner insights to develop and disseminate information that address the needs of at-risk populations that may be disproportionately impacted by the incident or event.

Guidance: Partners that support public health preparedness, response, or recovery activities. Identified partners may support risk-mitigation, coordinate delivery of public health messages and services, and improve emergency operation and preparedness services for their communities.

- Capability 1, Function 2: Strengthen community partnerships to support public health preparedness.
- Capability 1, Function 3: Coordinate with partners and share information through community social networks.
- Capability 1, Function 4: Coordinate training and provide guidance to support community involvement.
- Capability 2, Function 2: Support recovery operations for public health and related systems for the community.
- Capability 4, Function 3: Establish and participate in information system operations.
- Capability 4, Function 5: Issue public information alerts, warnings, and notifications.
- Capability 5, Function 2: Identify and facilitate access to public health resources to support fatality management.
- Capability 6, Function 1: Identify stakeholders.
- Capability 7, Function 1: Determine public health role in mass care operations

The JDS is used to gather information about the jurisdictions population and staffing to support medical countermeasure distribution and dispensing. Plans must include coverage for the entire jurisdictional given a worse-case scenario. Local planning jurisdictions includes locals with CRI funding.

Submit to: IDOH Field Preparedness Coordinator and/or PORTS (when available by the CDC).

Deadline: by June 1, 2023

SITE NOTIFICATION & ASSEMBLY DRILL

The staff notification, acknowledgment, and assembly drill is conducted to evaluate the jurisdictions' ability and timeliness in contacting staff from different operational categories that the jurisdiction would mobilize during a public health emergency. This drill documents the time to notify staff of emergency operations, the time for staff to acknowledge the notification message, and the percentage of staff that can assemble (report for duty) at their assigned operational locations within a predetermined target time. Importantly, the jurisdiction can collect data from a notional scenario or an actual staff assembly drill to determine staff assembly capability. Staff notification, acknowledgment, and assembly drills are crosscutting capabilities that serve critical functions in a wide variety of emergency response situations and encompass multiple MCM functions, including dispensing, warehousing (RSS/ RDS), distribution, security, command center management, and others.
